To call this art, it would be pretentious  
I can't find the words to say  
We could make them think us so contentious  
I'm so awkward when I throw my words away  
Maybe you and I could be together  
But I guess that all depends

Every night  
This stories based on true events  
By my side  
We work to keep up the suspense  
Why can't we hold the songs that we write true  
Let's burn it down and we can start brand new

Remind me once again why you're relentless  
Dahlia my dear I swear we'll find a way

If we could be there tomorrow would you take a  
chance?

(Geoff, hey it's me lindsay.  
I talked to uh... I was talking to Cody on AIM  
And I listened to your band on Myspace  
And you guys like rocked out loud)
