On painted rooftops  
We came to different endings  
We left so much less  
Than when life began  
And as I touch your face  
My mind will wander  
But my body will stay here

You said that you wanted this  
So I'll trade in what I have  
For this turbulent relationship  
And as I'm sailing overhead  
I see the things that make this  
What it could be

I'll find what you find and see what you see  
As the waves roll in and nothing's free  
So baby, come with me  
We'll be free

You said that you wanted this  
So I'll trade in what I have  
For this turbulent relationship  
And as I'm sailing overhead  
I see the things that make this  
What it could be
