I'm done with listening
To everything wrong in your life
You've got me thinking
That maybe I'll take it in stride
I've got a mind to
Delete your name off of my list
Despite what the screen says
Your phone calls will never be missed

Don't let me call unworthy compromise
I'm tangled in your web of hope and lies
And you'll find, you'll find me
On the darker side of town
The moon doesn't shine,
The moon hates to shine where

My tendencies are bound

The only thing that happens to not bother me
Is despite your calls
We haven't talked in three weeks
But don't remind me
Of everything that I've done wrong
Because after that
There would be no point in this song

"Hey I have this super cool story for you but I guess you're not cool enough to answer your phone. I'll talk to you later. Bye.
