Once there was a girl 'n she was dancing all around  
town  
She never really learned to slow down all she wanted to  
do was have fun  
'Til she came to me one day and said I'm all burnt out  
and I said  
I hate to tell you I told you so but you wouldn't listen  
You said it could never happen to me. You wouldn't  
listen

But it got you  
You can't run. No you can't hide  
Everybody crash and burn sometime  
You can't breathe. Feel you can't live

Bet you wish you'd stopped and turned in time  
Now you've really crashed and burned this time

Now my days are filled with strolling around and just  
Reminising on the times when I could play around til my  
hearts content  
Your foolish ways have sent our  
Paths down different streets and now  
You've come back to the door and the sign says no re-  
admission  
You already had your chance. there's no re-admission

But it got you  
You can't run. No you can't hide  
Everybody crash and burn sometime  
You can't breathe. Feel you can't live

Bet you wish you'd stopped and turned in time  
Now you've really crashed and burned this time

You're killing time  
But time is killing you  
A havens rest  
Is ready for you.

But it got you  
You can't run. No you can't hide

Everybody crash and burn sometime  
You can't breathe. Feel you can't live

Bet you wish you'd stopped and turned in time

You can't run. No you can't hide  
Everybody crash and burn sometime  
You can't breathe. Feel you can't live

Bet you wish you'd stopped and turned in time  
Now you've really crashed and burned this time

You can't run. No you can't hide  
Everybody crash and burn sometime
