And amelia, tell them how sorry I am
And amelia, this wasn't part of the plan
This is the part that nobody mentions
I hope that you know all my intentions were true
All that I wanted was you

Go on, I will be fine
Go on, take all the time you need
This ain't your fault, why don't you listen?
We're different that's all
There's only so much I can do
All that I wanted was you

Oh-oh-oh-oh-ohh
All that I wanted was you
Oh-oh-oh-oh-ohh
All that I wanted was you
Only you

And Amelia, won't you remember the good
And Amelia, we gave it all that we could
This is the part that nobody mentions
I hope that you know all my intentions were true
All that I wanted was you

Oh-oh-oh-oh-ohh
All that I wanted was you
Oh-oh-oh-oh-ohh
All that I wanted was you
Only you, Amelia
