And Amelia, tell them how sorry I am
And Amelia, this wasn't the part of the plan
This is the part that nobody mentions
I hope that you know all my intentions were true
All that I wanted was you

Go-o on, I will be fine
Go-o on, take all the time you need
This ain't your fault, why don't you listen?
We're different that's all
There's only so much I can do
All that I wanted was you

Oh oh oh oh oh
All that I wanted was you
Oh oh oh oh oh
All that I wanted was you
Only you

And Amelia, won't you remember the good
And Amelia, we gave it all that we could
This is the part that nobody mentions
I hope that you know all my intentions were true
All that I wanted was you

Oh oh oh oh oh
All that I wanted was you
Oh oh oh oh oh
All that I wanted was you
Only you, Amelia
