I knew i had what i wanted  
but still i wanted more  
a drink or two got me started  
and now i just cant get over you  
grass so green on the other side  
at least it felt so at the time  
all i got was in trouble mind  
and now i just cant get over you

so it comes to bitter end  
guess i blew it once again  
but still i have learned my lesson well  
i cant get over you  
could you spit me in the face  
could i starve a hundered days  
whatever it takes to break this spell  
i cant get over you

could a priest give me forgiveness  
and wash my sins away  
cause without love my life's pretty pointless  
and i just cant get over you

so it comes to bitter end  
guess i blew it once again  
but still i have learned my lesson well  
i cant get over you  
could you spit me in the face  
could i starve a hundered days  
whatever it takes to break this spell  
i cant get over you

whatever it takes to break this spell  
whatever it takes to break this spell  
i gett out of this hell i can't get over you  
whatever it takes to break this spell  
whatever it takes to break this spell  
i gotta get out of this hell  
i cant get over you

so it comes to bitter end  
guess i blew it once again

but still i have learned my lesson well  
i cant get over you  
could you spit me in the face  
could i starve a hundered days  
whatever it takes to break this spell  
i cant get over you
