Like a school boy sneaking out the window
And over to my girlfriends house
Or the first time behind the bike she'd
Try to unbutton her blouse
That was then
You live and let be
But once again
It's all coming back to me
With you
Years down the line
Feeling like the first time

Like the first time
It's heart over mine
And it feels
Like the first time
It's heart over mine
And it feels
Like the first time

See you keep on giving me goosebumps
Everytime you touch my neck
And did you know girl
Just how bad my toes curl
When the end of our fingers connect
Real talk
A hundred and ten
When you smile
I'm reaching for oxygen
When you're lips leaning to mine
I'm feeling like the first time

Like the first time
It's heart over mine
And it feels
Like the first time
It's heart over mine
And it feels
Like the first time

Like a school boy sneaking out the window
This is how you make me feel

How you make me feel

Like the first time
It's heart over mine
And it feels
Like the first time
It's heart over mine
And it feels
Like the first time
Like the first time
Like the first time
It's heart over mine
And it feels
Like the first time
