You walk a step ahead  
Won't let me see your eyes  
Don't trust me with your tears  
That's probably wise

I'm trying to reach up to you  
I end up stumbling like a child  
I try to find the words  
And now and then  
I draw that smile  
I hold on...

Everything I do  
Everything I say  
Everywhere I go it's always been the same  
You'll be right behind or standing in my way  
I am not an island  
I am not an island anymore  
You're wasting time  
Saving me

Now you walk two steps behind  
I still can't see your eyes  
If I turn around  
You'll cut right through me

And softly by my side  
You fall asleep  
I wait until I'm sure  
You're breathing really slow as I get up  
And gently close the door  
Oh hold on

Everything I do  
Everything I say  
Everywhere I go it's always been the same  
You'll be right behind or standing in my way  
I am not an island  
I am not an island anymore  
You're wasting time  
Changing me

Everything I do  
Everything I say  
I did it all for you it's always been the same  
You'll be right behind or standing in my way  
I am not an island  
I am not an island anymore
