Babe I hate to say this but there's been a change your plans

The Christmas coming up I'm glad you understand
I'm out there on my own, I will make it home in time.
I know I told you dinner, wine and candlelight.
But babe im on this party, well you know the guys
Why don't we postpone, I will make it home in time

Many moons have come and gone,
The same old dance, the same old song.
The road I'm on, it keeps on turning
How could I have known, I will make it home in time

I know the 17th our anniversary,
But there's been an emergency at work you see.
Don't hang up the phone, I will make it home in time.
How you hanging in there, did you call your friends?
I'll be there like i promised, i just don't know when
Please don't be alone I will make it home in time.

Many moons have come and gone,
The same old dance, the same old song.
The road I'm on, it keeps on turning
How could I have known, I will make it home in time

I try to call you just the other day.
Someone else picked up I heard a voice say
'Sorry but she's gone, you won't make it home in time'
Might not make it in time!
Might not make it in time!
Might not make it in time!
