Hey, queen of queens you happy?  
Is this something to remind you of a boxer  
Those days when everything was secret  
We were grand and small, the beagles in the  
bloodhouse  
Before you dropped the bomb (before you dropped the  
bomb)  
You wanna go alone (you wanna go alone)

Shame on us  
Shame on the both of us  
Where did our love go?  
Shame on us  
Shame on the both of us  
Where did our love go?

Like the first thing, of our (?)  
I am suffered from the courage I put upon me  
Oh god, what was I thinking?  
To believe I had an option to begin with  
So I took my time (So I took my time)  
And it took a while (And it took a while)  
But it took my time (But it took my time)  
And then you dropped it, then you dropped it,  
then you dropped the bomb

Shame on us  
Shame on the both of us  
Where did our love go?  
Shame on us  
Shame on the both of us  
Where did our love go?

Are you coming, coming together  
Are you sometimes thinking about it  
If you saw me past the street would you  
Would you look away or try to catch up  
Would you run  
Would you run to me, yeah  
Would you run  
Just hurry, hurry

Shame on us  
Shame on the both of us  
Where did our love go?  
Shame on us  
Shame on the both os us  
Where did our love go?

Shame x2  
Ah, go go go go!  
Would you run x4  
Yeah x8
