Always too close or too far away
I don't want to fight you
I don't want to leave you
I don't want your lies now
I don't believe you
I can't hear you
I don't want to see you
It's about fear now
You're making me feel like
I gave you my heart but you wanted my soul
I'm burning the bridges you're walking on water
And I don't know what you want
Now I'm outnumbered I'm outgunned
Got nowhere to run

So stay away
Always too close or too far away
'Cause we know we ain't ever gonna happen
You know it's too late
Yeah we know we ain't ever gonna happen

I don't want to fight you
You don't believe me
Don't want to lie to you
Why do I need to
I cannot hear you
You can't see me
It's all about fear now
My favorite feeling
You're climbing a mountain I'm digging a hole
You spread your wings wide I'm into free fall
And I don't know what you want from me
My back against the wall
Got one thing to say

So stay away
Always too close or too far away
'Cause we know we ain't ever gonna happen
You know it's too late
Yeah we know we ain't ever gonna happen

Speak for yourself

Don't want to fight you

Don't want to feel you

Don't want to hurt you

Don't want to hold you anymore
