Everybody covets everybody lies  
Everybody's done it some time in their lives  
We all slip, we don't mean to  
That don't mean you can't make it right

It's the path you take the steps you make  
That make you who you are  
It's the life you live  
The gifts you give  
The love that's in your heart  
Just try to do the best you can to be a better man  
You don't have to walk on water  
It's how you walk on land

Everybody judges everybody else  
Everybody's done it to everyone but  
themselves  
We know what's right  
But we still go wrong  
And life still goes on  
Even when we fail

It's the path you take the steps you make  
That make you who you are  
It's the life you live  
The gifts you give  
The love that's in your heart  
Just try to do the best you can to be a better man  
You don't have to walk on water  
It's how you walk on land

It's the path you take the steps you make  
That make you who you are  
It's the life you live  
The gifts you give  
The love that's in your heart  
Just try to do the best you can to be a better man  
You don't have to walk on water  
Oh it's how you walk on land

You don't have to walk on water  
It's how you walk on land
