(Louie Ocampo)

All that I have, I give to you
All that is love, I see in you
All that I ask this Christmas
All that I need this Christmas
All that I want this Christmas is you

All that I am because of you
You are to me a dream come true
All that I ask this Christmas
All that I need this Christmas
All that I want this Christmas is you

You're here with me chasing our dreams
Chasing them everyday
Tomorrow may be so far away
We're together each step of the way

All that I pray, I pray for you
I have I have been blessed with all you do
All that I ask this Christmas
All that I need this Christmas
All that I want this Christmas is you (haaaaaaaa)

All that I want this Christmas is you
