"Forgive Me"

Visit "[Forgive Me](#)" on MotoLyrics.com

I wish I could give to you, and you know that I will do, all
of the things I missed
Oh you know that I miss you, I would try my best to do,
all the things that you ask
(Please) forgive me, please tell me, that you forgive
me, that you do, yes you do

Oh maybe, baby could you tell me, (oh) that you need
it, that you need me
You wont leave me, oh (oh/my) baby, baby

I know that Iâ€™ve done wrong, donâ€™t you think itâ€™s
much too long, I want you back, darlinâ€™
Canâ€™t we just stop this fight, oh letâ€™s make out
tonight, Iâ€™ll give all of my love

[Bridge:]

Letâ€™s talk it out, come to me and Iâ€™ll hold you down
love is here, let me kiss you, baby, it will be all right
