I never knew our love would end this way
I though this love could make it to forever
You said goodbye and you left me all alone
How can I live without your love
How can I carry on

[Chorus:]

Baby, I need your love
I wish you were here to stay
Cause here I am, please love me again
Bring back our hearts together
Don't let this love of mine
Keep longing for all the time
When you and I
Can build a dream forever

I asked myself why you turned and walked away
Please tell me how so that I can make you stay
But you said goodbye and you left me all alone
How can I live without your love
How can I carry on

[Chorus:]

Baby, I need your love
I wish you were here to stay
Cause here I am, please love me again
Bring back our hearts together
Don't let this love of mine
Keep longing for all the time
When you and I
Can build a dream forever

[adlib]

[Chorus:]

Baby, I need your love
I wish you were here to stay
Cause here I am, please love me again
Bring back our hearts together
Don't let this love of mine
Keep longing for all the time
When you and I

Can build a dream forever

[Coda:]

When you and I can share the love forever
