Staring at this girl, looking out her window now, looking
on her eyes sadness is all I see
I wish I could stand beside you

Watching her staring, she's looking out in the sky,
watching the birds fly
Then tears fell down her eyes, I wish I'm there to hold
you

Years will pass, and leaves will fall, all the seas will dry

(MMM/AND) You know the snow, will slowly melt, but our
love will never die, never die

It's been too long, I wish I could turn back time, sitting
there waiting
For the sun to shine, I'm near and close beside you

But then one day, everything changed for us, I
couldn't longer hold you in my arms
I swear, I don't want to leave you, oh

[Bridge:]

All my hopes, and all I own, I want to give it all, oh what
I'll give to be with you

Forever and ever and ever staring at this girl, looking
out her window now, I couldn't longer hold her in my
arms, I swear, I don't want to leave you, oh
