You always ask me  
Those words i say  
And telling me what it means to me

Every single day  
You always act this way  
For how many times i told you  
I love you for this is all i know

Come to me and hold me  
And you will see  
The love i give  
For you still hold the key

Every single day  
You always act this way  
For how many times i told you  
I love you for this is all i know

[Chorus:]  
I'll never go far away from you  
Even the sky will tell you  
That i need you so  
For this is all i know  
I'll never go far away from you

Come to me and hold me  
And you will see  
The love i give  
For you still hold the key

Every single day  
You always act this way  
For how many times i told you  
I love you for this is all i know

[Chorus:]  
I'll never go far away from you  
Even the sky will tell you  
That i need you so  
For this is all i know  
I'll never go far away from you

Come to me and hold me  
And you will see  
The love I gaved for you still hold the key

Every single day you always at this way  
For how many times I told you  
I LOVE YOU for this is all I know

[Chorus:] [2X]  
I'll never go far away from you  
Even the sky will tell you  
That i need you so  
For this is all i know  
I'll never go far away from you

**\*\*INSTRUMENTAL\*\***

I'll never go ( I'll never go....)  
I'll never go (never go...)  
Far away from you
