I can hear your voice, hear your breath  
How could I forget  
I'm not alone, alone

I can see your face, see your smile  
If only for a while  
I'm not alone, alone  
Like an endless dream, a movie scene  
Playing on and on  
Like a melody, haunting me  
I'm not alone

My tears are here to stay now  
No matter what I do  
Got your pictures on the table  
They always help me through  
A suitcase full of memories  
To take me back to you  
I'm not alone, I'm not alone  
I'm not alone

In this hollow house  
Empty rooms  
Traces left of you  
I'm not alone, alone

Every word you've said  
Every line  
Echoes in my mind  
I'm not alone, alone  
And I looking back on me & you  
Is all I've got left to look forward to  
Because I know  
There's no letting go

My tears are here to stay now  
No matter what I do  
Got your pictures on the table  
They always help me through  
A suitcase full of memories  
To take me back to you

I'm not alone, I'm not alone

Every morning with the dawning of the sun  
I start thinking 'bout things I should've said and done  
So I guess when you miss someone the most  
Doesn't matter where that someone goes  
Your mind will find a way to keep them close

Oh, my tears are here to stay now  
No matter what I do  
Got your pictures on the table  
They always help me through  
A suitcase full of memories  
To take me back to you  
I'm not alone, I'm not alone  
I'm not alone
