Follow me, follow me, follow me  
Come to my home

I've been around the world  
Where good and evil are right  
I've seen the end of hope  
Where good and evil are wrong

But now I will stop looking  
For a new place to go  
Somebody is waiting for me  
Where right and wrong are love

You don't stop believing  
You can find a way on through  
Another point of view  
Where right and wrong are blue 2X

Right or Wrong  
Right or Wrong  
Only Love is right and wrong

Follow me?  
Follow me?  
Come to my home?

I never close my eyes  
'cause I'm afraid of the dark  
I never stay alone  
'cause I'd feel sad in my heart

But now I will stop looking  
For a new place to go  
Somebody is waiting for me  
Where right and wrong are love

You don't stop believing  
You can find a way on through  
Another point of view  
Where right and wrong are blue 2X

Right or Wrong  
Right or Wrong  
Only Love is right and wrong

Follow me?  
Follow me?  
Come to my home?
