I have dreamed of being a star
To be the brightest and the best
And I've come so very far
To be better than the rest..

Oh baby, let me try to give it my all
All the best that i can give
So that i can stand up tall
For as long as i will live

And there's nothing simply nothing
That can stop me from achieving my dream

Im a star in a million
Im the best among the rest
Im a winner, im a champion
Im a star in a million
There's no barrier i can't handle
No test i can't prevail
Im a star in a million
A winner all the way
