This is the moment
This is the day
When I send all my doubts and demon on their way
Every endeavor I have made ever
Is coming into play is that here and now today

This is the moment this is the time
When the momentum and the moment are in rhyme
Give me this moment this precious chance
I'll gather up my past and make some sense at last

This is the moment when all I've done
When all the dreaming scheming and screaming
become one
This is the day see it sparkle and shine when all I live
for becomes mine

For all this year I've face the world alone and now the
time has come to prove to them I can make it on my
own

This is the moment
My final test
Destiny beckoned I never reckoned second best
I wont look down I must not fall
This is the moment thus with this moment of them all

This is the moment damn all the odds
This day I'll never I'll seat forever with my gods
When look back
I will always recall
Moment of moment
This was the moment
The greatest moment
Of them all...
