Put your jordans on yeah they gotta stay fresh
I stay wearin J's from birth to death
I got all pairs from 1 to 22
I even got a pair that came in seethrough

I'm a start out with the 1's because they came first
Mine stay fresh like a pack of Starburst
I stay with the Jordans not with the Shaq's
And I don't wear Vans like the Wolfpack
My Jordan's stay fresh yeah they don't stank
I'll be like T-pain and buy you a drank
I stick with my Jordan's in all white
If you scuff them up you know we gonna fight

Put your jordans on yeah they gotta stay fresh
I stay wearin J's from birth to death

I got all pairs from 1 to 22
I even got a pair that came in seethrough

Put them on keep them on yeah they all white
When I go to my boys they stay on all night
Put your girl before you shoes you must have issues
If you done it before you ain't had these shoes
These shoes got a spot in my heart that a girl couldn't
fill
I got them in all colors like Paul Walls grill

Put your jordans on yeah they gotta stay fresh
I stay wearin J's from birth to death
I got all pairs from 1 to 22
I even got a pair that came in seethrough
