You and me
Can fly so high
Above the world
Light up the sky

You got
Me acting just like a fool yea
You take
You taking me right back to school yea
You're not
You're not the usual
You send me spinning round and keep me coming
back for more

Cause you got it

A A A A
L L L L L
You You You you
You've got it all now
A A A A
L L L L L
You You You you
You've got it all now

You've got me dreaming
Just like a fool
I'm going crazy losing my cool
The sun is shining just for you
You've got it all

Oh lets explore
This galaxie
Release all ties
to gravity
You're not
You're not
the typical find
Dont need no make up
to make that face shine
Oh you can light up a room

You're so damn beautiful
Wanna put you on my arm
Wanna show the whole world

A A A A
L L L L L
You You You you
You've got it all now
A A A A
L L L L L
You You You you
You've got it all now
