Maybe if you hold my hand  
As we walk through  
I know I can trust you  
Here now we go again

I wanna help you understand  
The world that I know  
Surrounded by angels  
Here now we go again

Out in the dark our eyes never know if they would see  
again  
But when the stars come out I can feel the light  
creeping in  
Once again

Oh oh oh oh oh oh

Music playing in my head  
Feels like something  
I recall loving  
Here play it once again

There must've been a melody  
I can't remember  
I only knew the beat beat beat beat  
Here play it once again

Out in the dark our eyes never know if they would see  
again  
But when the stars come out I can feel the light  
creeping in  
Once again

Oh oh oh oh oh oh

Oh oh oh oh oh oh  
You and I  
Living in the space between  
[x2]

When I see the light of day  
I'll never close my eyes again  
I lift my head  
And soak it in

Oh oh oh oh oh oh

Oh oh oh oh oh oh  
You and I  
Living in the space between  
[x4]

Oh oh oh oh oh oh
