Birds, they're walking all around  
Birds, they're making little sounds  
Have you seen any birds today  
I will blow those birds away  
Birds, birds, birds, birds

Worms, they're sneaking underground  
Worms, they're making tiny sounds  
Dirt, is what they eat  
Rocks and stones make a worm complete  
Worms, worms, worms, worms  
Birds, they're looking pretty cute  
Birds, I see 'em, I shoot  
Have you seen any birds today  
I will blow those birds away  
Birds, birds, birds, birds
