Since were feeling so anaesthetised  
In our comfort zone  
Reminds me of the second time  
That I followed you home  
We're running out of alibis  
On the second of may  
Reminds me of the summertime  
On this winters day

See you at the bitter end  
See you at the bitter end

Every step we took that sycronised  
Every broken bone  
Reminds me of the second time  
That I followed you home  
You showered me with lullabies  
As you walking away  
Reminds me that its killing time  
On this fateful day

See you at the bitter end  
See you at the bitter end  
From the time we intercepted  
Feels alot like suicide  
Slow and sad, getting sadder  
Arise a sitting mine  
\*See you at the bitter end\*

I love to see you run around  
And I can see you now  
Running to me  
Arms wide out  
\*See you at the bitter end\*  
Reach inside  
Come on just gotta reach inside  
Heard your cry  
Six months time  
Six months time  
Prepare the end  
\*See you at the bitter end\*
