I take a look around and decide I don't like what's
going down round here
Do I hop right in the car put the pedal to the floor and
I'm drivin
Things are changing you don't seem the same as you
were this time last year
With the state line far behind your memories in my
mind and I'm flyin'

I know it's not the first time, I've been down this road
before
It won't be the last time, I'll be coming back for more
One time I love this thing I got that I don't know
And the things I've done the things I've seen reaching
out calling me away
Where the town might change my mind pack my bags
and make my way home
But for now the highway stretches out and I ain't got
too much left to say
I know it's not the first time, I've been down this road
before
It won't be the last time, I'll be coming back, coming
back

I know it's not the first time, I've been down this road
before
It won't be the last time, I'll be coming back for more
