Yonder goes Jimmy
He's got a new ride
See him winding on down Highway 5
Heading straight for the drive in
He's got Susie by his side
Later we'll all meet by the riverside

I can't help myself
I wanna testify
I wanna take you there
Down by the riverside

Down on the river
We got gators runnin wild
Mama said you better not go down there child
But I got a crazy feeling
And I like your style
Later let's head on down and walk a while

Chorus 3x
