well you're waiting for me sister
and I don't have to explain
that whenever I am parched and dry
I look to you for rain
well there are two things that can happen
things will come or they will go
and time makes fool of fashion
not for those who know they know
that the storm it always passes
that the sunshine follows rain
that the love will always rise above the pain
well she's waiting for me sister
and I will not make her wait
and you know that I have misses her
and you know it's not too late
yes she's waiting for me sister
I'm flying through the clouds of rain
I'll stop only when I've kissed her, only then
and I'll never leave her lying in wait again
well you know you will remember
your heart won't let you forget
here's a sweet forever coming to us yet
well she's waiting for me sister
and it's easy to explain
that whenever she is parched and dry
she looks to me for rain
yes she's waiting for me sister
I'm flying through the clouds of rain
and I'll stop only when I have kissed her, and only then
and I'll never leave her lying in wait again
