Hello, goodbye
good day, goodnight
you love, you hide
Why?
You spring, you fall
turned on, turned off
what's wrong, what's wrong, love?

you say
you don't know, you don't know
you don't know.
you say you don't know
you don't know, you don't know what's on your mind

I'd love to hear you say
anything but silence
you're unaware that I'm so tired
And I've tried to understand
am I the only one who cares here?
I can't let you, let you disappear

Oh, oh oh oh mm

You seem at ease
then climb your trees
you're different colors
On the edge I hope
Inside I choke
I'm falling under, oh
What am I, what am I to do?
Oh what am I, what am I to do?
When you fly too high

I'd love to hear you say
anything but silence
You're unaware that I'm so tired
And I've tried to understand
am I the only one who cares here?
I can't let you, let you disappear

Oh oh oh, oh oh, oh, oh, oh

I'd love to hear you say
anything but silence
You're unaware that I'm so tired
And I've tried to understand
am I the only one who cares here?
I can't let you, let you disappear
Oh, oh, oh
Oh, I've tried to understand
am I the only one who cares here?
I can't let you, let you disappear
