You hold your head up to the sky
You say "What kind of blue are you, are you?"
Then you ride a pony round and round
It's digging a hole right through, right through

You stumble down a yellow brick road
Spinning you shoes in the air, the air
Then you hold your breath and count to 9
Hoping that soon somebody will find you, find you

Go on, go on, go on
The stars are watching
Just say, just say, just say
What you're feeling
You know, you know, you know
You gotta take a bow and do it your way

It's okay
La da da
Da da da
Da da da
[X2]

You're 15 miles over the speed
You're going fast as you can
Off to your day dream, oh
On your mark, get set, hurry away
Have a serious talk with your champagne, oh-oh oh

Go on, go on, go on
The stars are watching
Just say, just say, just say
What you're feeling
You know, you know, you know
You gotta take a bow and do it your way

It's okay
La da da
Da da da
Da da da
[X2]

It's time for you to prove
Within your ruby shoes
You deserve a smile when no regret
I look at you
Kickin' off your shoes
Dancin' for the world to see
You got the power to believe
Now open up and sing
And go and be free and fly away

Go on, go on, go on
The stars are watching
Just say, just say, just say
What you're feeling
You know, you know, you know
You gotta take a bow and do it your way

It's okay
La da da
Da da da
Da da da
[X2]

It's okay
La da da, la da da

It's okay
La da da
Da da da
Da da da
