Why

Does it feel like it gonna hurt the same?
You gotta live til you die

Lost

In the silence of a long delay
You laugh til you cry

Flowers fade

The spaces over our lives
They remind us to forget the pain

All the shadows

All the shields
All the voices
They stir the field

We gotta lift our eyes to the dawn

Through the forest of forgotten tears

Let it all out

Let your guard down
Let it fall down
And rearrange again
And rearrange again

Words

They don't ever seem to feel the same
When you hear them all the time

How

Do you ever let go of the shame?
When you felt someone behind

Flowers hang

The faces over our lies
They remind us to forget the pain

All the shadows

All the shields
All the voices

They stir the field

We gotta lift our eyes to the dawn
Through the forest of forgotten tears

Let it all out
Let your guard down
Let it fall down

Let it all out
Let your guard down
Let it fall down
And rearrange again
And rearrange again

Oh oh oh oh oh
Ou ou

It's time to say goodbye
And start over
It's time to say goodbye
And start over
It's time to say goodbye
And start over
It's time to say goodbye
And start over

Ou ou-ou
Ou ou-ou
Ou ou-ou
Ou ou-ou ou ou

It's time to say goodbye
And start over
