Turn the corner, too familiar  
Turn around into your past  
Ohh

You hide and seek the same addiction,  
Hope you find the better one of the last  
Ohh

You're sleepwalking through your big bed of lies  
Wish on up your new star every night - Oh yeah  
I see you're at it again, sittin' on your hands  
Waitin' around for the wind to change direction - Oh  
yeah  
There you go again  
Stuck in your head, havin' a ball in you're fully  
optimistic way  
So off with your masquerade

Mmmm

All the people look so happy, safe beneath their plastic  
skin - Ohh  
Get a rise from another's tragedy, but tip-toe so  
nobody can get in - Ohh

You're sweet-talking through you're big bed of lies  
Wish on up your new star every night - oh yeah

I see you're at it again, sittin' on your hands  
Waitin' around for the wind to change direction - Ohh  
There you go again  
Stuck in your head, havin' a ball in you're fully  
optimistic way

Oh, doubt in you, you suffocate in your feather sleep  
You twist inside your hollow eyes when the mirror  
speaks

I see you're at it again, sittin' on your hands  
Waitin' around for the wind to change direction - Oh  
yeah yeah yeah  
There you go again

Stuck in your head, havin' ball in you're fully optimistic  
way - yeah

I see you're at it again, sittin' on your hands  
Waitin' around for the wind to change direction - Ohh  
There you go again  
Stuck in your head, havin' a ball in you're fully  
optimistic way  
It's a beautiful day  
So off with your masquerade
