Turn the corner, too familiar
Turn around into your past
Ou woah oh

You hide and seek the same addiction
Hope you find the better one of the last
O-oh, o-oh, ou woah oh

You're sleepwalking through
Your big bed of lies
Wish on up your new star
Every night
Oh yeah

I see you're at it again
Sittin' on your hands
Waitin' around for the wind
To change direction
Oh (O-oh o-oh)

There you go again
Stuck in your head
Havin' a ball in you're
Fully optimistic way
So off with your masquerade

Mmmm

All the people look so happy
Safe beneath their plastic skin
Ou woah oh, o-oh, ou woah oh

Get a rise from another's tragedy
But tip-toe so nobody can get in
Ou o-oh, o-oh, ou woah oh

You're sweet-talking through
You're big bed of lies
Wish on up your new star
Every night
Oh yeah

I see you're at it again
Sittin' on your hands
Waitin' around for the wind
To change direction
Oh (O-oh o-oh)

There you go again
Stuck in your head
Havin' a ball in you're
Fully optimistic way

Oh, doubt in you
You suffocate in your feather sleep
You twist inside your hollow eyes
When the mirror speaks

I see you're at it again
Sittin' on your hands
Waitin' around for the wind
To change direction
Oh yeah yeah yeah

There you go again
Stuck in your head
Havin' ball in you're
Fully optimistic way
Yeah (O-oh o-oh)

I see you're at it again
Sittin' on your hands
Waitin' around for the wind
To change direction
Oh

There you go again
Stuck in your head
Havin' a ball in you're
Fully optimistic way
It's a beautiful day
So off with your masquerade
