Do my heart a favor
Wonder, wonder how you look together
With me, with me
I'll do my part to stay in hunger
Hunger for your heart to be together
With me, with me

Say what you see
Behind yours eye in that colorful mind
What's your survey say

The state of not know where we gonna live
Has me floating
We make our cast to protect another break
Send the guards away and come back home to me

Steal my thoughts in calmless beating
Beating heart once lost
Now healing in me, in me
Let's tune our heart to hear the feeling
It comes when our hearts willing
To be, to be

Say what you see
Behind yours eye in that colorful mind
What's your survey say

The state of not know where we gonna live
Has me floating
We make our cast to protect another break
Send the guards away and come back home to me

Oh, oh, oh, oh
Ou, ou, ou, ou

Wash your worry of the past
And all the in between
Take your weary hope
And open up to one could be
Oh, oh
You and me

The state of not know where we gonna live
Has me floating
We make our cast to protect another break
Send the guards away and come back home to me
