Us! Among men!  
In the plans of shifting lime  
We! Stood beside!  
A foundation of space and time

What! Would you say!  
To a city build in Jackson Park  
Electric castles and  
A promise kept of highest art

In our white city  
We'll stroll together  
Streets of wax  
Streets of plaster  
Our white city  
White with wonder  
Heights of greatness and  
Nights asunder

Down! To the wire!  
Time is running out on our project  
World! Look to us!  
Find a model of what's not thought yet

How beautiful is beauty  
When it's only temporary  
A decade a century stands still  
In the white city of our will

Raise! And be raised!  
Our hands face up and our faces forward  
Show us the beauty!  
Show us where to aim our story

In our white city  
We'll stroll together  
Streets of wax  
Streets of plaster  
Our white city  
White with wonder  
Heights of greatness and

Nights asunder

In our white city  
Of domes and girders  
We can fall but  
The fall won't hurt us
