I have been known to over analyze
I like ice cream but only late at night
I don't give up without a decent fight
This is who I am

I am a hopeless romantic
But life leaves no time to get caught up in it
But still my cup is overflowing with
Happiness and joy

'Cause I am faith and hope
I know 'cause I am known
And you are life and love
You are and so I am

I am the owner of a moody soul
I try to accept the things I can't control
There's so much that I guess I will never know
I take it as it comes

And I don't drink coffee, I like my sleep
It's hard to admit it when I have a need
So good or bad this is the truth about me
But more importantly

I am faith and hope
I know 'cause I am known
You are life and love
You are and so I am
You are and so I am

Undeserving but forgiven
I was hopeless now I'm living
I was lost until you found me
I am free because you saved me

I am faith and hope
I know 'cause I am known
And you are life and love
You are and so I am

I am grace and truth

And I am all things in you
You are life and love

You are and so I am
You are and so I am
You are and so I am
