No hour of peace - no restful sleep
No stone unturned - no secrets learned
No wisdom gleaned - no thoughts made clean

Chorus:

I am unworthy and you are so holy
I am so weak and you are so strong
I cannot speak and you do not ask
Just to be still and know

No thing but fear - no courage here
No stepping down - no turning round

No hope made real - no will to kneel

Chorus

And as time passes by
I'm forced to question my sincerity
Am I doing something wrong?
Is the answer here in my periphery?
Then you come to me
With a moment so complete
Just me, just you, just now

I cannot speak and you do not ask
Just to be still and know
