I've got something that I really need to say to you  
I've thought about it for a long time  
The thing is that you treat me like a slave all day  
It's time that you give something back to me

Really special boyfriend came to me one day  
And told me that you went away from me  
He also said that all the things I did for you  
Didn't mean a motherfucking thing for you

So what do I get for a reward?

Enough (girl)  
I hate to live this way  
Stop  
I'm leaving you today

I brush your teeth in the morning  
And I have to feed you dinner  
Scratch your back and make you cookies  
Fly you back from london

I waited for you in los angeles  
On the radio they said you were in oslo  
Oslo

So what do I get for a reward?

My brother told me that you had an awful day  
The day that you pretended you were gay (gay gay)  
And every time I watch you on my video  
I rewind it back to the start

Since I left you I've become a multimillionaire  
So I guess you wanna be with me again  
I have a good friend in germany  
He might give you a house to live in there  
Wish you were here

Enough (girl)  
I love to live this way  
Stop

And come to me and stay

Enough (girl)

I love to live this way

Stop

And come to me and stay
