I just can't get it through my head, you love another  
now instead  
Can't make myself believe we're really through  
I'm walking up and down the hall talking to a silent wall  
I'll lose my mind before I'm over you

I think I've almost lost my mind, I think about you all the  
time  
I'm going crazy, yes, I know and I don't have far to go  
The way you treat me is a shame but I'll keep loving you  
the same  
I'll lose my mind before I'm over you

I keep your letters I should burn, I keep the ring that  
you returned  
But there's a million foolish things I do  
It makes me cry but you would laugh to know I kiss your  
photograph  
I'll lose my mind before I'm over you

Well, I think I've almost lost my mind, I think about you  
all the time  
I'm going crazy, yes, I know and I don't have far to go  
The way you treat me is a shame but I'll keep loving you  
the same  
I'll lose my mind before I'm over you
