You're with me from my first cup of coffee right up till
that last beer goes down
You're on my mind so I can't sleep till morning you're
the busiest mem'ry in town
Had talk last night with your new love but then he
mentioned a few more you'd found
So we drank a toast to the next one and the busiest
mem'ry in town
Babe sometimes you simply amaze me
With how fast you spread that heartache around
It must be hello I love you I'm leaving you're the busiest
mem'ry in town
[guitar]
Babe sometimes you simply amaze me...

It must be hello I love you I'm leaving you're the busiest
mem'ry in town
