"Candy Kisses"

Candy kisses wrapped in paper mean more to you than
any of mine

Candy kisses wrapped in paper you'd rather have them
any old time

You don't mean it when you whisper those sweet love
words in my ear

Candy kisses wrapped in paper mean more to you than
mine do dear

[guitar - steel]

I build a castle out of dreams dear I thought that you
were building too

Now my castles all have fallen and I am left alone and
blue

Once my heart was filled with gladness now there's
sadness only tears

Candy kisses wrapped in paper mean more to you than
mine do dear
