I love you because you understand dear  
Every single thing I try to do  
You're always there to lend a helping hand dear  
But most of all I love you 'cause you're you

No matter what the world may say about me  
I know your love will always see me through  
I love you for the way you never doubt me  
But most of all I love you 'cause you're you  
I love you because my heart is lighter  
Every time you're walking by my side  
I love you because the future's brighter  
The door to happiness you've opened wide

No matter what may be the style or seasons  
I know your heart will always be true  
I love you for a hundred thousand reasons  
But most of all I love you 'cause you're you
