[Leon Rhodes]

I was sitting alone with my memories and my
yesterdays appear before me
I thought about our love so many times it's hard to keep
living with you on my mind
Out of my mind oh please go away out of my heart I
wish you would stay
Our love was shattered so many times
Won't someone please help drive you out of my mind
[steel]
I close my eyes and I see your face
And the one of the strangers that's taking my place
He holds the love that I once called mine

Won't someone please help drive you out of my mind
Out of my mind...
