Thanks, thanks a lot
I got a broken heart, that's all I've got
You made me cry and I cried a lot
I lost your love, baby thanks a lot

You told our friend as I was passin' by
That you're not sorry that you made me cry
You said I deserve just what I got
Well if that's how you feel, honey thanks a lot

Thanks, thanks a lot
I got a broken heart and that's all I've got
You made me cry and I cried a lot
I lost your love, honey thanks a lot

Oh, Leon

You wanted a fool and I played the part
Now all I've got is a broken heart
We loved a little and laughed a lot
Then you were gone, honey thanks a lot

Thanks, thanks a lot
I got a broken heart and that's all I've got
You made me cry and I cried a lot
I lost your love, honey thanks a lot
