There's a little bit of everything in Texas just look  
around and you will see  
There's a little bit of everything in Texas and a whole  
lot of Texas in me  
There are forty seven states around there  
And each of them have treasures of their own  
And everything they boast of I sure found it  
But we've got them all right here at home  
Now if you love old sunny California or perhaps the hills  
of Tennessee  
No matter what you love just come to Texas and I'll bet  
my boots you will agree  
There's a little bit of everything in Texas and really I'm  
not bragging you see  
There's a little bit of everything in Texas and a whole  
lot of Texas in me
