Angels sing sweet songs of love  
dear gates of heaven  
stood a jar  
All the seven days you love me  
God was looking from a  
bar  
And he knows my heart was honest  
that it wanted only  
you  
But you went away and left me  
now I'm lonely and I'm  
blue  
Though the days were only seven  
that your heart beat  
with my own  
They were seven days of heaven  
sweet as heaven ever  
known  
[ guitar ]  
There were many things my darling  
that I wanted you  
to know  
But my soul was so excited  
I forgot to tell you so  
Please believe me for I loved you  
and I miss you dear  
sweetheart  
  
Won't you come back now  
I need you tell me that we'll  
never part  
Though the days were only seven...
