I cheated on you dear and it's no secret cause you
made sure that everybody knew
But you just told them your side of the story
Cause you knew I would never tell on you
I love you much too much to tell them what you've done
I'd never let them know you cheated too
So you just tell 'em your side of the story and you know
I will never tell on you
[steel]
It doesn't seem to matter that I'm sorry I've begged you
to forgive a thousand times
But you're still telling your side of the story

Cause and you know I will never tell 'em mine
I love you much too much...
