there's a girl somewhere waiting for you,what she wants is a man to make her dreams come true,she wants roses everyday,and she wants to hear you say,these three words,thatnm mean so much,more than a kiss more than a touch,i love you ,now and forever,i love you ,we're gonna stay together,i love you ,now and forever ,i love you,we're gonna stay together,every beat of my heart plays a symphony,baby i am the words and you are the melody,love like that is hard to find,its sweeter than strawberry wine,its as warm as the sun,and deeper than a river runs,i love you,now and forever,i love you we're gonna stay together,i love you ,now and forever ,i love you ,we're gonna stay together
